## Projects

### Sales Insight Data Analysis | *MySQL, CTEs, Power BI*

May 2025

- Designed a relational sales database in MySQL with 40+ customers, 50+ products, and 2M+ transactions, and integrated it with Power BI for visualization.
- Analyzed Rs.984M+ revenue across 4 regions and 2 sales channels, identifying top 20% customers driving 65% of revenue and seasonal spikes during Oct-Dec.
- Built interactive dashboards with drill-down filters (Year/Month/Market), improving reporting efficiency by 30% and enabling data-driven sales strategies.

### Career Counseling Website (PATH—FINDER) | *ReactJS, NodeJS, MongoDB, Clerk*

Jan 2025

- Developed a Career Counselling Website to provide personalised career advice and resources.
- Included features like career assessments, expert consultations, and educational resources.
- Implemented clean UI and dynamic updates using JS event handling

### Hospital Management System (HEALINGS) | *HTML, CSS, JavaScript, Django*

June 2024

- Developed a comprehensive Hospital Management System (HMS) to streamline and automate hospital operations.
- Integrated Django for real-time data management, improving user responsiveness by 30%.
- Managed patient information, doctor schedules, and appointment bookings.

## Achievements & Certifications

- Selected in the top 0.56% (out of 2,00,000+ participants) in **Adobe India Hackathon's** coding round.
- Certified **AWS Academy Graduate - AWS Academy Cloud Foundations** by Ethnus.
- Completed **Google Cloud Arcade'23** on Google Cloud Platform.
- Solved 400+ problems across platforms including LeetCode, GeekForGeeks, CodeChef, and more.
- Hobbies are Geopolitics, Editing and Gaming.

## Extra-Curricular

### Lead, FinTech Club, VIT Bhopal

Sep 2024 - Present

- Hosted 5+ technical and non-technical events, engaging over 1000+ participants.
- Developed and executed a recruitment campaign, boosting new member applications by 30%.
- Oversaw all phases of event scheduling and delivery, achieving timely completion for every event.
